INTERVIEW EXPERIENCE

Navodita Tandon

(Banasthali → Myntra)

BTech Computer Science (2018 – 2022)

How did you prepare?

Top topics you prepared? (Mention atleast 5 with comma seperated)
Data Structures: Trees,Linked List,Stack and Queue etc
OOPS: Inheritence,Polymorphism etc
Java: Collection and Streams
Operating System:Threads,Process Management,Memory Management
Database management system: Joins,Normalization and Transactions(ACID Properties)
SOLID Principles

Duration 0f Preparation(In months):
6-12 months

Preparation Tips (Mention atleast two tips line separated)
Tip 1 :Make your basics strong don't run after new technologies as a fresher companies wants your good command on DSA
Tip 2: Focus more on competitive programming to get into a good organization don't indulge to much in development because the first step to reach to the interview round is to clear the coding round
Tip 3: Do atleast 5-6 Questions per day and practice from leetcode or
interviewbit or hackerrank.
 Tip 4: Also practice basic aptitude questions

How did you apply?

Where did you apply?
On Campus (Myntra)

Any eligibility criteria?
9.4/10 CGPA and above,No Active Backlogs in any semester

Resume Tips(Atleast **two)**
Tip 1:Don't mention things in the resume that you don't have full command on you should have complete knowledge of what you mention in your resume
Tip 2:Make your resume short and if you mention projects in your resume be clear about the details of the project even if you have done that in group because the interviewer will surely ask from it.

Why do you think you were shortlisted?
 Keep you basics very strong with main focus on handling approaches so that you can easily solve the standard and approach based questions too. Hardwork, focused attitude and self-confidence is the key.

Number Of Rounds

How many rounds were
there?
5

First Round Details

Round Type
Online - MCQ + Coding Round

Difficulty 0f Round
Medium/Hard

Date 0f Round(approx.)
15-08-2021

Platform
HackerRank

Duration 0f Round(in minutes)
75 minutes

Location 0f Round
From your home

Description 0f Round
The test was active on (Aug 15, 2021) from 10:00 AM to 11:15 PM. The duration of the test is 75 minutes.
The camera and microphone was opened all the time there was alotted time for each section after completing one section you cannot switch to the previous section.If you go off the camera you will get a warning
The test contained 4 MCQs and 4 Coding questions.

Why were you passed/rejected for this round?
I passed in this round basically the major challenge was to
manage time in aptitude section and solve questions quickly I
was able to do it.

Number 0f MCCs?
4(2 Apti + 2 DS,DBMS,Algorithms based)

Coding Questions
 4

"

2nd Round Details

This round was coding based where I was asked to write complete code for these two questions.

Duration: 60+ minutes.
Date: Aug 16,2021

Questions
1. Remove duplicates from linked list.

2. Find the ugly number at a desired position. Ugly numbers are those that are not divisible by prime numbers except 2,3,5.

I have coded both the questions and then got selected for the third Interview round.

3ʳᵈ Round Details

This round was coding based where I was asked to write complete code for these three questions.
These were somewhat approach based.

Duration: 60+ minutes.
Date: Aug 16,2021

Questions

- Check whether it is possible to delete a tree in two equal halves by removing one link.

- Edit Distance Problem with variations as what if it consist of swap and updation cost is 2 instead of 1, etc.

- Given an array of string. Find all possible combinations of the strings and the staring index of this respective occurance in a given string. Create an array storing respective starting indexes and return this array.

4th Round Details

This round was also coding based and also somewhat conceptual.

Duration: 60+ minutes.
Date: Aug 16,2021

Questions

- HashMaps implementation using array and linked list

- Given an array. Remove repeating elements that are continuous in minimum time and its variation.

- Questions based on time complexity, DS, Algo, Project based questions and approaches.

I have coded all the questions and elaborated and explained its respective approach.
Then got selected for the third Interview round

5th Round Details

This round was HR round
Duration: 30 minutes.
Date: Aug 17,2021

Questions

General questions as : Why Myntra, Banasthali , why you consider studying at Banasthali, what are your hobbies, Projects created, internship work and experience, tell me about yourself, etc.

So, every round was an elimination round and 2 students got selected and got placed at Myntra, one of them is me.

So, rejections are the part of life, face them, learn from them and emerge as the best version of yourself.

All The Best!
Regards
Navodita Tandon
