How to prepare?

- FOR APTITUDE, REASONING & ENGLISH:
  - https://prepinsta.com/deloitte/
  - https://www.geeksforgeeks.org/placements-gq/#GRP
- FOR C:
  - https://www.javatpoint.com/c-interview-questions
  - https://www.interviewbit.com/c-interview-questions/
  - Important topics: pointers, dynamic memory management, etc.
  - Most importantly data structures questions will be mostly from C.
- FOR C++:
  - https://www.javatpoint.com/cpp-interview-questions
  - https://www.interviewbit.com/cpp-interview-questions/
  - Besides this Manjeet sir's notes are the best…study them well.
- FOR JAVA:
  - https://www.javatpoint.com/corejava-interview-questions
  - Notes of Manjeet sir will do the job for Deloitte's interview

- Platform used: GFG.
- Duration 0f Preparation:
  - 10 days dedicated practice for aptitude, reasoning and English will get you through the first round.
  - Revision for the technical interview took about 10 days.
  - For HR, company wise dedicated practice for the HR questions would be done in not more than 3 days.
- **TIPS:**
  - ➢ Focus on communication skills and verbal ability should be paid heed to from 1st year because in corporate world this is one aspect which will take you distance irrespective of your technical ability.
  - ➢ Give heed to your regular studies during college because it gets memorized and will get you through any interview even though

you have not revised.

- ➢ You should be thorough with your 3rd year project.
- ➢ Your introduction should be very crisp, to the point and should not bore the interviewer.
- ➢ Don't focus on number of projects rather be very solid with 1-2 projects you have done.

- **How did you apply?**
  - o Where did you apply?
    - ✓ On Campus
  - o Any eligibility criteria?
    - ✓ 6.5 CGPA & above
  - o Why you applied for this profile?
    - ✓ This profile matches with my interest and ability. I am not a great lover of coding and loves to have an interaction with people.
  - o Number of rounds?
    - ✓ There were 2 rounds: Online test which includes aptitude, reasoning, and English and interview round (Technical + HR) that lasts about 30 mins.

- **FIRST ROUND:**
  - ➢ Round Type: Online MCQ Aptitude Test
  - ➢ Date of Round: 18th September
  - ➢ Difficulty level: Easy to Medium
  - ➢ Duration of Round: 1.5 hrs.
  - ➢ Platform: AMCAT
  - ➢ Marking Type: No negative marking
    - ✓ The camera and microphone were on. The test was proctored for any electronic devices like mobile phones etc.
    - ✓ Why I passed through the round?
  - ➢ I did dedicated practice for the deloitte online test on prep-insta and gfg.

- **SECOND ROUND (Technical + HR):**
  - o Introduce Yourself is a staple question asked in every interview

whatsoever the company is so start preparing it from now since you will be required to do it for your internship interviews as well

- ✓ My Introduction included my project, internship, CCNA, Advance Diploma in French, Radio RJing Course so there were questions based on these.

- ✓ Describe project you are doing on internship. How are the tasks assigned to you on internship? Have you had any client interaction on internship?

- ✓ Why have you pursued the CCNA course although it is quite different from your stream?

- ✓ Hobbies apart from coding?

- ✓ Why you want to join Deloitte?

- ✓ Why have you joined Banasthali? What are the key features that is distinct about your college?

- ✓ What do you like and dislike about Deloitte?

- ✓ What have you recently done something creative? (I talked about my creative interests and participation in various events)

- ✓ I have asked the interviewer about his challenges (after our discussion on learning foreign language) while working in France with French keyboard on his laptop he talked about in ppt. (I have thoroughly heard about the ppt session)

- ✓ At the end I asked the interviewer about his initial challenges when he entered the corporate world so this impressed the interviewer about my verbal abilities and interactive power.

(Although I have prepared for the interview questions from C, C++, Java, CCNA and French as I have seen few archives on gfg on type of technical and HR question but my interviewer only wanted to know about my mindset and why I did extra curriculum courses and my achievements)

TIPS FOR INTERVIEW:

Try to include all the abilities that you have synchronized with the company's requirement.

I have mentioned two lines in my introduction why you are a perfect fit for the job.

I have not included anything in which I am not comfortable.

I tried to maintain eye-contact, be positive and a smile on my face as much as possible.

All the best you guys are going to kill it as well!!
